SUMMARY

Driven and enthusiastic fresher with a solid foundation in Java and JavaScript, along with a keen interest in frontend development using React. Skilled in developing user-friendly and visually appealing interfaces, I possess a strong understanding of software development principles and a passion for creating seamless user experiences. With a dedication to continuous learning and staying up-to-date with industry trends, I am eager to apply my knowledge and skills to contribute to innovative projects as a frontend developer. Ready to bring a fresh perspective, strong problem-solving abilities, and a strong commitment to delivering high-quality code.

SKILLS

LANGUAGE: Java, Python, Javascript, CSS, HTML, MySQL, ReactJS

DEVELOPMENT TOOLS: Github, VsCode, Netlify, MySQL Workbench, Firebase, Vite, NodeJS

EMPLOYMENT

HITCHAPP

Front Development Intern

- Completed a front-end development internship, gaining hands-on experience in HTML, CSS, and JavaScript while working on various web projects.
- Collaborated with a team of developers to create responsive and visually appealing user interfaces, ensuring a seamless user experience across different devices.
- Developed and implemented new features, such as interactive elements and dynamic content, using modern front-end frameworks and libraries.

PROJECTS

PORTFOLIO WEBSITE

- Built a portfolio website using JavaScript and React.
- Created a visually appealing design with seamless navigation and responsive layouts.
- Integrated interactive elements like project showcases and contact forms to enhance user engagement.
- Utilized JavaScript and React libraries to implement dynamic functionality and improve performance.
- Demonstrated strong front-end development skills and proficiency in JavaScript and React.
- Delivered a polished and impactful portfolio website that effectively showcases skills and accomplishments.

COLLEGE INFO WEBSITE

- Developed a dynamic College Info Website using React.js, HTML, CSS, and JavaScript, facilitating seamless interaction between students and coaching centers, thereby streamlining the college selection process.
- Utilized React.js components and state management to ensure efficient data handling and real-time updates, enhancing the user experience and promoting effective communication between students and coaching centers.

MEME GENERATOR

- Developed a meme generator website using React.
- Implemented an intuitive user interface with options to input text, select images, and apply meme styles.
- Leveraged React's component-based architecture for efficient management of meme generation logic.
- Enabled real-time preview and sharing functionality for generated memes.
- Demonstrated proficiency in React and delivered a fun and interactive meme generator website.

SPOTIFY CLONE

- Built a Spotify Clone Website using HTML, CSS, and JavaScript, replicating key features and ensuring a user-friendly experience.
- Employed responsive design techniques for seamless usage across desktop and mobile platforms.
- Incorporated interactive elements like music playback controls and dynamic content loading with JavaScript

VOLUNTEERING

RAKSH FOUNDATION · Volunteer

- Active member of Raksh Foundation, Raksh Organization is a Delhi NCR-based not-for-profit organization aiming to develop young children in rural areas holistically

SOCIAL HELPERS · Co-Founder

- Co-Founder of Social helpers, Orchestrated a campaign to provide medical resources to people pan in India during the second wave of COVID- 19.
