

# Vishesh Pahwa

## Web and Android Developer

Third-year B.Tech. student in Computer Science Engineering at Maharaja Surajmal Institute of Technology, I am a driven and passionate individual with a strong interest in Full Stack Web Development and Android Development. My technical skills include proficiency in various programming languages and frameworks, as well as strong problem-solving abilities. I am also an effective communicator, able to convey complex technical concepts to a wide range of audiences. I am always seeking opportunities to learn, grow, and apply my skills in real-world projects. Connect with me on LinkedIn to discuss potential collaborations and projects that align with my interests and skillset.
