PROFILE

I am pursuing my **MCA** from **Amity University** in online mode. I have built many web applications using the skills that I have learned from **Crio.Do**. Always looking to learn new things. Best when it comes to problem-solving, Likes working with teams as well as individually.

PROJECTS

QKart Frontend

[LINK](#)

QKart is an E-commerce application offering a variety of products for customers to choose from.

- Implemented the core logic for **authentication**, **shopping cart**, and **checkout**.
- Improved UI by adding **responsive design** elements for a uniform experience across different devices.
- Utilized **REST APIs** to dynamically **load** and **render** data served by the backend server.
- Deployment: **Render**, **Netlify**.

SKILLS:- React Hooks, Forms, REST, React Router, Material UI, Controlled Components

XBoard

[LINK](#)

XBoard is a News Feed website that features the latest news for select topics, from Flipboard.

- Built XBoard using HTML, CSS, Bootstrap, and JavaScript.
- Used **Accordions** and **Image Carousel** to improve UI.
- Fetches news content from Flipboard's RSS feed using REST API.
- Deployment: **Netlify**

SKILLS:- HTML-CSS, JavaScript, Bootstrap, Developer Tools, Netlify

QTrip

[LINK](#)

QTrip is a travel website aimed at travellers looking for a multitude of adventures in different cities

- Created web pages using HTML and CSS and made them dynamic using JavaScript.
- Utilised **localStorage** to persist user preferences on client-side.
- Improved UX with multi-select filters, **image carousels**.
- Deployment: **Render**, **Netlify**

SKILLS:- HTML, CSS, JavaScript, Responsive Design, REST, Netlify, DOM Manipulation, Bootstrap

QTripStatic

[LINK](#)
