PROJECTS

SHOPFYX-EcommerceWebsite

Developer : Harsh Kannojiya

Github Link : <https://github.com/HarshKannojiya/SHOPFYX-EcommerceWebsite>

Project URL : <https://shopfyx.cyclic.app>

Technologies Used:

- React Js
- Node Js
- Mongoose
- Express Js

Purpose:

The purpose to make this project to make user friendly ecommerce website which makes user's experience smooth so that's why I have used routing in this project so that website don't reload again and again in changing pages of website.

Type of Project: Fullstack Web Development Project
