## PERSONAL PROJECTS

### Donation System using visual studio

- A Donation system is a web based system that facilitates Donners to donate books and anyone who need these books can claim easily.

### Travel Addicts

- Travel Addicts is an innovative travel project that aims to connect like-minded individuals who share a passion for exploring the world. Our platform provides a space for travelers to share their stories, tips, and advice, as well as connect with fellow adventurers from all corners of the globe. We believe that travel is more than just a hobby, it's a way of life that enriches and transforms us.
