## WORK EXPERIENCE

**Xcoders' Technologies**, Roorkee, Uttarakhand  
*30+ Employees In Xcodertechnologies.*

Front End Developer

03/2022 – 03/2023

- Developed an interactive project companies working on freelancing projects and normally projects..
- While in the company, I have created many projects in which I have used frontend technology.
- Designed front-end code using HTML, CSS, JavaScript, jQuery to create a responsive web application that works across desktops, tablets, and other devices.

## PROJECT:

[www.rapidoplast.com](http://www.rapidoplast.com)

Rapido plast pvt Ltd. is a company which provides a Range of innovative Product and service for the sanitation requirements of all kinds . We are professionally Scaled and Managed Sanitation Vis aVis waste Management Solution with quality Mobile Toilet and cleaning provider in India.

I have created the totally frontend part of this project.

[www.dollarthink.com](http://www.dollarthink.com)

Dollarthink is a reward platform where you can take part in online polls, online surveys, install apps, complete task, watch ads, watch videos etc in your free time turn your opinion into rewards

I have also created the totally frontend part of this project.
