ACEDMIC PROJECT

2021-2022

E-Medical

E-medical is an online medical service where we can select the best medical facility by surveying the list of best specialist doctor near us and get appointment.

2022-2023

prevention of eye from the smartphone at the risk of eyesight

Our goal of this project is prevention of digital eye strain problem. We introduce a distance of 25cm that is pretty perfect to overcome the risk of eye strain problem if the desire is crossed by the user the screen will generate voice pop-up alert message.
