

Sparsh Dahiya

WEB DEVELOPER

I am a skilled and experienced web developer with over 1 year of experience in the industry. I have a strong background in all aspects of web development, from front-end design and coding in HTML/CSS and JavaScript. I have a proven track record of successfully completing complex web development projects from start to finish. In addition to my technical skills, I am also an excellent communicator and team player, and I am confident in my ability to manage multiple projects simultaneously.
