Profile

I am a Computer Science Student at Gautam Buddha University. Due to graduate in the coming months, I am eager to secure challenging roles in IT Industry.

My studies have provided me with broad proficiency in the field of IT. Alongside this, I have developed sound communication skills while delivering presentations to large audiences at university. As such, I am confident that I can make an instant impact.

I am eager to hear about potential career opportunities, so I would be pleased to chat about job openings in the IT sector.

Projects

Face Detection for Criminal Identification

Collaborated as a leader with a team of 3 members in the development of the project. Technologies which is used in this project are Python, OpenCV, and Database.

Music Player

Developed the basic backend of the music player application using Core Java and OOPs concepts.

Portfolio Website

Developed a decent-looking portfolio responsive website by using HTML, CSS, and JavaScript.
