## PROFESSIONAL SUMMARY

As a Front-End Developer with one year of experience, I have demonstrated proficiency in HTML5, CSS3, and JavaScript, along with expertise in front-end frameworks like React and Vue.js. Throughout my career, I have consistently delivered high-quality code and focused on creating exceptional user experiences. With a solid understanding of responsive web design, cross-browser compatibility. I am dedicated to continuously improving my skills and staying up-to-date with the latest industry trends and best practices.

## WORK EXPERIENCE

Front End Developer

[Compendious Med Works Pvt Ltd](#) [Sep 2022 to Present ]

[Online Docs:](#)

This website basically provides mental health care virtual service. Users can coordinate with Indian doctors and USA doctors.

Features:

- It has 6 main pages and signup login as well.
- Inside the treatment, there are 12 types of treatment. User can choose as per requirement.
- User can see doctors slots in counselor page
- User can book slots as per remaining slot time.
- User can read blogs for more information about mental health care.
- And much more...

Tech Stack: HTML5 | CSS3 | JavaScript | Bootstrap | jQuery | Laravel | PHP

Areas of responsibility:

- Developed home page of the website.
- Developed login and signup page.
- Resolved overflow of whole devices.
- Applied media query to make it more responsive on multi devices.
- Colored right side scroll bar of website.
- Made fully animated user friendly, sections come smoothly while scrolling.
- And much more...

I have worked on following projects as well :

- [Flip Coin](#)
- [Gift A Place](#)
- [Brownie Point](#)
