PROJECTS

ChatBot — html, css, js

It's an automatic chatbot based on the Sciastra website theme.

Hotstar Clone — html, css, js, bootstrap

Our clone is very similar to the original Disney Plus website. It has a navbar and search box with excellent click effects same as Disney+ and it also has a slider or carousel with an infinity or lasting effect. And after that, we also have movie cards.

InstaCart Clone — html, css, js

Login Sign up, Add/Remove from cart
