MEGHA PATHAK

Junior Web Developer

📞 +91-6388251051 @ pathak.megha27@gmail.com 🔗 https://www.linkedin.com/in/meghapathak27
📍 Kanpur, India

SUMMARY

Detail-oriented and quick-learning commerce graduate transitioning to a frontend developer role. Armed with a solid grounding in JavaScript and React, eager to apply this knowledge in a practical, team-oriented setting.

EXPERIENCE

Web Developer Intern

Reify Consulting Solutions Private Limited

📅 01/2023 - Present 📍 Noida, India

Reify Consulting Solutions is group of young professionals working in the field of Data consulting, communication & technology.

- Developed and maintained part of **ReactJS web applications**.
- Worked with **Redux** to manage state in React applications.
- Created reusable components and utilized best practices for **component-based development.**
- Optimized React applications by using **React hooks** and **new ReactJS practices** such as functional components and render props. This resulted in more concise, reusable, and performant code.
- Collaborated with other developers to deliver high-quality web applications.

Introduction to Data Analysis using Excel

Coursera 2021

SKILLS

Frontend Development

| ReactJS | Redux | JavaScript | HTML | CSS |

STRENGTHS

🖥 Communication Skills

🤝 Adaptability

`</>` JavaScript

ACHIEVEMENTS

📱 **Implemented a responsive design**
The company's website was not mobile-friendly, and I helped implement a responsive design along with other team members.

📄 **Optimized Component Rendering**
Enhanced site performance and user experience by significantly reducing component rendering time using React Hooks and effective state management.
