PRITISH BORDOLOI

Summary

Highly motivated and enthusiastic Junior Front-end Developer with a passion for building intuitive and user-friendly web applications. Proficient in React, HTML, CSS and Vanilla Javascript. With no formal degree in CS but rather a BA degree in Philosophy, I have accumulated in depth knowledge of Web Development/Vanilla JS/React from mentors like Colt Steele from Udemy, Bob Ziroll from Scrimba(Completed both the Learn React for free and the Advanced React course) and HTML, CSS from FreeCodeCamp. I possess excellent problem-solving skills and a strong work ethic. Seeking a challenging role in a dynamic and fast-paced environment.

SKILLS

- React: Proficient in building single and multi-page applications using React
- HTML & CSS: Strong experience in creating responsive and visually appealing web pages
- JavaScript: Good understanding of the language, including ES6 syntax and async programming
- Git and Github: Experience with version control, GitBash and collaboration using Git and Git Bash
- UI/UX Design: Basic understanding of design principles and ability to create simple and clean interfaces.
