## EDUCATION

**B.Tech, Computer Science & Engineering**
Lovely Professional University
2020 - 2024

**Senior Secondary (XII), Science**
R.S Model Senior Secondary School
(PUNJAB SCHOOL EDUCATION BOARD board)
Year of completion: 2019
Percentage: 87.70%

## TRAININGS

**React.js**
GUVI, Online
Apr 2023 - Apr 2023

**Microlearning In Full Stack Web Developement**
Board Infinity, Online
Mar 2023 - Mar 2023

**JAVA INTERVIEW PREPRATION**
CipherSchools, Online
Feb 2023 - Mar 2023

**Wordpress**
Coursera, Online
Jan 2023 - Jan 2023

**Web Development**
udemy, Online
Nov 2022 - Feb 2023

**JAVA SELF PLACED COURSE**
GeeksforGeeks, Online
Oct 2022 - Dec 2022

**Data Structures & Algorithms**
Internshala Trainings, Online
Sep 2022 - Nov 2022

**Introduction To Internet Of Things (IOT)**
udemy, Online
Aug 2022 - Sep 2022

## PROJECTS

**Weather forecasting app with React.js and Open Weather Api**

May 2023 - Jun 2023

https://joyful-lily-8c78ed.netlify.app

I developed a React weather app that allows users to search for city names and retrieve real-time weather information such as temperature, humidity, pressure, and wind speed using the Open Weather API. Deployed on Netlify for easy access.

### Animated Portfolio

Jun 2023 - Jun 2023

https://avi2492.github.io/AwesomePortfolio/

I have created an impressive animated portfolio using HTML, CSS, JavaScript, and Swiper.js. The portfolio features a light/dark theme with smooth animations and transitions. It showcases my projects in a visually appealing and interactive manner.

### Blog Website

May 2023 - May 2023

https://github.com/Avi2492/BlogWebsiteUsingReact

Simple blog website with React.js. Add and delete blog functionality. User-friendly interface. Create, publish, and delete blog entries seamlessly.

### Grocery store front end

Mar 2023 - Mar 2023

https://avi2492.github.io/Online-Shopping-Grocery/

This project involved designing a front-end website for grocery stores. Through this project, I have been able to improve my web development skills by using HTML, CSS, JavaScript, and swiper Js for sliders. It was an excellent learning experience.

### Portfolio

Mar 2023 - Mar 2023

https://avi2492.github.io/MyPortfolio/

I have utilized my skills in HTML, CSS, JavaScript, Bootstrap, and Swiper.js to create an engaging and visually appealing portfolio. By combining these technologies, I made a responsive and user-friendly website that showcases my work effectively.

### Coffee Shop Website

Feb 2023 - Feb 2023

https://github.com/Avi2492/CoffeeDating

In this Project I have created a fully responsive front end website for Coffee Shop by using HTML, CSS, and JavaScript.I did this project in two days and it was a great learning experience.

### Smart Door Alarm System

Nov 2022 - Nov 2022

In this project I have used Arduino board with required sensor to made this project I used C++ Language.
